

DAN COLES

SENIOR COLOURIST

With 24 years of industry experience, Dan's early career was spent at *Pepper*, where as a founding member he learnt his craft from some of the best long-form Colourists in London. He then spent 13 years at *Technicolor* (more recently *Picture Shop*) as a key member, helping to first establish then grow the Broadcast and Episodic Department. Throughout this time, he gained a rich experience in grading high-end episodic and theatrical productions. He has received numerous nominations for his grading work, as well as winning 2 RTS Awards for *The Eichmann Show* and *Battle for Hadita*. Dan loves the creativity and challenge of grading and creating looks, and makes up for all that time in a darkened room with lots of outdoor activity with his family.
